
Health Sciences Technology programs include the areas of Medical Laboratory Science, Medical Radiologic Technology, and Diagnostic Medical Sonography – Ultrasound.

The University of Winnipeg is an excellent place for you to fulfill the admission requirements for the health science technology programs at RRC Polytech and other colleges or universities across Canada. www.csmls.org

Medical Radiologic Technology: Use x-ray equipment to produce images of a body part or system. Please visit the Canadian Association of Medical Radiation Technologists website at www.camrt.ca

Diagnostic Medical Sonography - Ultrasound: Conduct ultrasound examinations, focusing on areas such as obstetrics and gynecology, abdomen and superficial structures, and vascular sonographic studies. You will also need to be prepared to take the RRC's Casper Test which assesses applicants for non-academic attributes or people skills.

Note: You must consult with the school where you plan to complete your studies to ensure you choose an appropriate set of courses, and that you will meet the entrance requirements for your health sciences technology program of choice.

Studies in Health Sciences

At the end of your preparatory studies at The University of Winnipeg, you will apply for admission to a university or college program in Medical Laboratory Sciences, Medical Radiologic Technology or Diagnostic Medical Sonography-Ultrasound.
