

MATH-1103(3) Introduction to Calculus I or either of these former courses MATH-1102(3) Basic Calculus (Terminal) OR MATH-1101(6) Introduction to Calculus . Please note: Introduction to Calculus is required for some University of Winnipeg science degrees.

STAT-1501(3) Elementary Biological Statistics OR STAT-1301(3) Statistical Analysis I AND STAT-1302 (3) Statistical Analysis II

Other Courses:

12 credit hours Approved Social Sciences or Humanities Electives

3 credit hours of Open Electives (any faculty) at the 1000- level or above (Academic Writing courses *cannot* be used)

Other courses must include a 3-credit hour course which meets the University of Manitoba's Written English (W) requirement. If you take an ENGL-#### course to fulfil this requirement, it will also count towards completing 3 of the 12 credit hours of approved Social Science or Humanities Electives listed above.

NOTE: All pre-requisite courses must be completed within 10 years of the admission start date

Please see [University of Manitoba College of Pharmacy webpage and Applicant Information Bulletin](#) for full details.
